

## **GDS Obtains New Order from Alibaba for Beijing 3 Data Center**

June 27, 2017

### **- 4,260 sqm of Capacity Fully Pre-committed -**

SHANGHAI, China, June 27, 2017 (GLOBE NEWSWIRE) -- GDS Holdings Limited ("GDS Holdings" or the "Company") (NASDAQ:GDS), a leading developer and operator of high-performance data centers in China, today announced that Alibaba Group ("Alibaba") has confirmed a pre-commitment order to take full-capacity of the Company's recently announced Beijing 3 data center. Beijing 3 is currently under construction. On completion in the first half of 2018, the new data center will have an IT area of 4,260 sqm, which is now 100% pre-committed.

"We are pleased to announce this new pre-commitment by Alibaba, one of our most important strategic partners," said William Huang, Chairman and Chief Executive Officer of GDS Holdings. "The Beijing 3 site is adjacent to our Beijing 1 data center where Alibaba already occupies a substantial part of the total area. It is an ideal expansion location for Alibaba's growing capacity needs. With the enormous demand created by China's rapid Cloud adoption, now more than ever, our clients depend on us to provide a steady supply of high-performance data center resources to fulfill their requirements. Winning a follow-on order of this size from a customer like Alibaba is testament to our ability to continuously source the right projects in key markets and to provide the high operating standards which our customers demand. We are proud to be the partner of choice for Alibaba as we continue to grow and develop China's Cloud market together."

### **About GDS Holdings Limited**

GDS Holdings Limited (Nasdaq:GDS) is a leading developer and operator of high-performance data centers in China. The Company's facilities are strategically located in China's primary economic hubs where demand for high-performance data center services is concentrated. The Company's data centers have large net floor area, high power capacity, density and efficiency, and multiple redundancy across all critical systems. GDS is carrier and Cloud neutral, which enables customers to connect to all major PRC telecommunications carriers, and to access a number of the largest Cloud service providers, whom GDS hosts in its facilities. The Company offers colocation and managed services, including a unique and innovative managed Cloud value proposition. The Company has a 16-year track record of service delivery, successfully fulfilling the requirements of some of the largest and most demanding customers for outsourced data center services in China. The Company's base of customers consists predominantly of top tier Cloud service providers and Internet companies, financial institutions, telecommunications and IT service providers, and large domestic private sector and multinational corporations.

### **Safe Harbor**

This announcement contains forward-looking statements. These statements are made under the "safe harbor" provisions of the U.S. Private Securities Litigation Reform Act of 1995. These forward-looking statements can be identified by terminology such as "aim," "anticipate," "believe," "continue," "estimate," "expect," "future," "guidance," "intend," "is/are likely to," "may," "ongoing," "plan," "potential," "target," "will," and similar statements. Among other things, statements that are not historical facts, including statements about GDS Holdings' beliefs and expectations regarding the growth of its businesses and its revenue for the full fiscal year, the business outlook and quotations from management in this announcement, as well as GDS Holdings' strategic and operational plans, are or contain forward-looking statements. GDS Holdings may also make written or oral forward-looking statements in its periodic reports to the U.S. Securities and Exchange Commission (the "SEC") on Forms 20-F and 6-K, in its annual report to shareholders, in press releases and other written materials and in oral statements made by its officers, directors or employees to third parties. Forward-looking statements involve inherent risks and uncertainties. A number of factors could cause GDS Holdings' actual results or financial performance to differ materially from those contained in any forward-looking statement, including but not limited to the following: GDS Holdings' goals and strategies; GDS Holdings' future business development, financial condition and results of operations; the expected growth of the market for high-performance data centers, data center solutions and related services in China; GDS Holdings' expectations regarding demand for and market acceptance of its high-performance data centers, data center solutions and related services; GDS Holdings' expectations regarding building, strengthening and maintaining its relationships with new and existing customers; the continued adoption of Cloud computing and Cloud service providers in China; risks and uncertainties associated with increased investments in GDS Holdings' business and new data center initiatives; risks and uncertainties associated with strategic acquisitions and investments; GDS Holdings' ability to maintain or grow its revenue or business; fluctuations in GDS Holdings' operating results; changes in laws, regulations and regulatory environment that affect GDS Holdings' business operations; competition in GDS Holdings' industry in China; security breaches; power outages; and fluctuations in general economic and business conditions in China and globally and assumptions underlying or related to any of the foregoing. Further information regarding these and other risks, uncertainties or factors is included in the GDS Holdings' filings with the SEC, including its registration statement on Form F-1, as amended. All information provided in this press release is as of the date of this press release and are based on assumptions that GDS Holdings believes to be reasonable as of such date, and GDS Holdings does not undertake any obligation to update any forward-looking statement, except as required under applicable law.
