About GDS Holdings Limited

GDS Holdings Limited (NASDAQ: GDS; HKEX: 9698) is a leading developer and operator of high-performance data centers in China and South East Asia. The Company's facilities are strategically located in primary economic hubs where demand for high-performance data center services is concentrated. The Company also builds, operates and transfers data centers at other locations selected by its customers in order to fulfill their broader requirements. The Company's data centers have large net floor area, high power capacity, density and efficiency, and multiple redundancies across all critical systems. GDS is carrier and cloud-neutral, which enables its customers to access the major telecommunications networks, as well as the largest PRC and global public clouds, which are hosted in many of its facilities. The Company offers co-location and a suite of value-added services, including managed hybrid cloud services through direct private connection to leading public clouds, managed network services, and, where required, the resale of public cloud services. The Company has a 22-year track record of service delivery, successfully fulfilling the requirements of some of the largest and most demanding customers for outsourced data center services in China. The Company's customer base consists predominantly of hyperscale cloud service providers, large internet companies, financial institutions, telecommunications carriers, IT service providers, and large domestic private sector and multinational corporations.
